**Instructor: Greg Russell**

**March 18<sup>th</sup> – 22<sup>nd</sup>, 2013**

**Bellevue City Public Safety Training Ctr**

**1828 116 Ave SE Bellevue WA 98007**

**Cost: \$475** - if registration received by Feb 18<sup>th</sup>

**Cost: \$525** - if registration received after Feb 18<sup>th</sup>

**Course Description: (40 Hours)**

### **Pedestrian Collision Reconstruction**

---

With hit-and-run collisions increasing, this course will provide investigative techniques, methods and proven procedures to assist in solving the case. This requires the identification and collection of unique forensic evidence from the struck pedestrian and the striking motor vehicle. Armed with this evidence, you will learn to calculate the pedestrian's impact speed using CAR's Pedestrian Reconstruction software ( included free for every student). Over 35 different formulae are compared and calculated to establish speeds.

**REGISTRATION:** Fill in and return this form along with a check (payable to WATAI)
